

# New & Noteworthy

From easy notion storage to buttons and books, get what's new in sewing

## Nimble Thimbles

A comfortable thimble is the key to sewing by hand, and Clover's new thimbles are up to the challenge.

The Protect and Grip style has a flexible, fluorescent base and a metal top, and the Natural Fit style is made entirely of leather for maximum comfort and safety.

(Protect and Grip Natural Fit Thimbles—\$9, Natural Fit Leather Thimbles—\$14)
