CHRISTMAS ORNAMENTS

CHRISTMAS BALL

project by Fran Ortmeyer

This fun ornament can be personalized with any name you wish. Use the Kantan Couture Bead Embroidery Tool to quickly apply beads or sequins, and this little ornament can be finished in no time. Handmade ornaments such as these will be a treasured keepsake for years to come!

TOOLS & SUPPLIES

Bead Embroidery Tool ART. NO. 9900

Turnable Hoop ART. NO. 8815

Bead Embroidery Thread Clear ART. NO. 9904

Embroidery Stitching Tool Needle Threader ART. NO. 8810

Beads

Fabric: 10" x 10" (to fit into hoop) Gold/Yellow for center band & ornament top

2 squares each 5" x 5" Christmas fabric for front and back of ornament

1/4" wide ribbon for Hanger 7 1/2" length

BEADING PREPARATION

Set the 10" x 10" square into the embroidery hoop. On the computer, I printed the word PEACE in the font Comic Sans. Note: You can trace more than one appliqué piece to be beaded on your 10" square. Remember to allow for seam allowance.

INSTRUCTIONS

Work the beads as directed in the package instructions. Once bead work is done, appliqué onto background fabric using matching thread. Cut and appliqué top piece for the ornament. Position the ribbon hanger and secure. Place the back and front right sides together and stitch around leaving an opening. Clip rounded seams. Turn and hand stitch the opening closed.
